

VIRTUAL PROGRAM

- Program conferences:**
- May 2–6 WEST Program
 - May 9–13 EAST Program

2022 Applications Open

Opportunity For Indigenous High School Students

The VJKF Program offers Indigenous (First Nation, Métis and Inuit) high school students in grades 10, 11, and 12 an opportunity to spend one week conducting research in the fields of science and engineering during the month of May. As one of our Kirkness scholars, you'll work with university professors and graduate students from a participating Canadian university on a particular area of science, engineering, technology, or math. Students have the opportunity to indicate which research projects would interest them most.

Research

Students have the opportunity to select which research project they want to learn about.

Universities

The list of participating universities for this year's program continues to grow. See our website for a complete list.

Have Fun

This year's program includes, swag bags, prizes, games, science kits and team activities.

Scholarships

Every student who completes our VJKF Program receives a completion certificate and is eligible to apply for a VJKF scholarship.

Become a Kirkness Scholar APPLY TODAY!

Thanks to our generous donors our program is offered to Indigenous students **FREE** of charge. For complete details about our program and application process, [please visit our website](#).
