

PUBLIC LECTURE on the NEUROBIOLOGICAL CONSEQUENCES OF TRAUMA

Wednesday, Sept. 12 • 7:00 p.m. • Yukon College Lecture Hall • *All welcome*

GUEST PRESENTER

Dr. Lori Haskell is a clinical psychologist in private practice in Toronto. She has been dedicated to the prevention, treatment and training on issues relating to violence against women and children for the past 30 years.

Her research is currently focused on the impact of trauma on Aboriginal peoples, trauma and the service challenges for

developmentally disabled people, and restorative justice and gendered violence.

In recent years she has presented to the Canadian judiciary, both nationally and provincially, on behalf of the National Judicial Institute in Ottawa. She has also provided expert evidence in a number of legal proceedings.

- Understand how brain circuitry is altered by fear and trauma
- Learn the effect on memory recall and presentation
- Identify complicated victim responses

**Northern Institute
of Social Justice**

Presented by the Maddison Chair in Northern Justice

The Maddison Chair in Northern Justice was established to provide Informational and professional development to the legal community and general public in the Yukon.
